New, Richly-Bound, Matched Library Volumes Use Everyday Situations to Teach Science, Business, Cultural and School Subjects; Assure Complete Mastery for Faster Job Advancement; Better School Grades, Richer, Fuller Living—In Just 15 Minutes a Day!

Now—the famous, proven MADE SIMPLE method offers you an education worth hundreds of dollars for pennies a day! Complete practical instruction in science, business and cultural subjects that you use every day for the children in school, mother at home, dad in his work and everybody in all their social contacts.

You can master these subjects in as little as 15 minutes a day, in weeks instead of years, with these books that are recommended by parents and noted educators for all age groups.

Learn Whenever You Want—Like Having Private Instructors in Your Own Home

This MADE SIMPLE *SELF-TEACHING* set is the only encyclopedia that makes important subjects part of your general knowledge instead of having to look in books to solve every problem. It covers practical, useful subjects in everyday language. It's like having private instructors in your own home. Learn at your own pace. No outside work, nothing else to buy. The books start from the beginning, assume no previous knowledge and lead you quickly and carefully through the entire subject. Prepared by experts for adults working without supervision, they also perfectly supplement classroom texts, which contain confusing technical language.

Beautiful Library Volumes Perfect for Learning, Brush-Up, Permanent Reference

Whether you want to learn for the first time, review subjects you forgot or use for ever-ready reference, you could find no better set or price. These handsome 7¼ x 10½ inch, 24-carat gold imprinted, matched library volumes are not digests or outlines. Every point is made absolutely clear by illustrations and simple step-by-step explanations, using everyday situations. No half-answers to confuse you, no cross-references to make you use several books to get information. All the books teach you naturally, without memorizing long lists of rules.

Complete Explanations, Simple Illustrations Make Every Point Clear—No Previous Knowledge of the Subject Required

Here's how complicated subjects are MADE SIMPLE. In PHYSICS MADE SIMPLE, you are shown this simple home experiment, which costs nothing. Hold one edge of a letter paper against your chin, just below lower lip, with the paper hanging over and down. Blow above the paper and it will rise as if pulled up in the air stream. This simple principle makes airplanes fly and teaches us to make moving objects move quickly and easily. Other books give you Bernoulli's Law, molecular action and other confusing terms. By the time you got to the experiment, if there was one, you wouldn't understand it. Here you read a simple explanation, do the experiment and *then* learn the technical terms, so you learn *naturally*, by doing, without memorizing anything. This has worked for many people who thought they were more hopeless than you may think you are.

You would pay many times the price for much less beautiful and useful encyclopedias. But these books, with sample military and civil service tests, hundreds of illustrations, hundreds of safe, easy home experiments, thousands of pages of clear, concise, valuable instruction and self-tests with answers in the back, will be USED, ENJOYED and ADMIRED by all your family and friends.

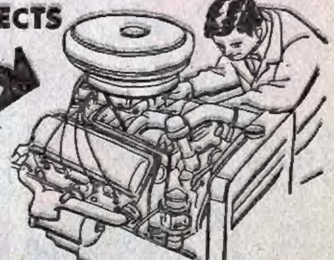
Training for Big Pay *MADE SIMPLE!*

A quick new way to get into Auto Mechanics

30 JOB EXPERIENCE PROJECTS

...to help you bridge the gap between theory and practice—to lead you from lessons to engines in easy stages



"Good Auto Industry Jobs Go Begging"

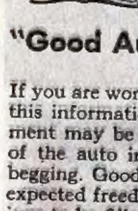
—A FAMOUS CHICAGO NEWSPAPER REPORTS

If you are worried about a layoff, low pay, or dim prospects, read this information printed in a Chicago newspaper: "Unemployment may be a national problem, but the troubles in segments of the auto industry are exactly the opposite. Jobs are going begging. Good jobs. Ones paying well and offering better-than-expected freedom from layoffs. There are perhaps 300,000 openings to be filled in cities and towns across the country..."

Learn by practicing at home

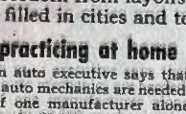
A well-known auto executive says that 250,000 more auto mechanics are needed. "We know of one manufacturer alone who needs nearly 60,000 mechanics for its dealerships," he adds. Obviously, *now* is the time to train for a better job, high pay, steady work! Train at home in spare time for a bright future as an auto mechanic. Learn by practicing the easy CTI way. It's fast too.

You get instruments and tools



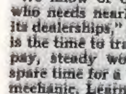
THE PORTABLE VISO-ANALYZER

Another CTI "first". Called "the most versatile of all trouble-shooting instruments" by a leading trade magazine. You will use it to detect failures in the electrical system. A great time and work saver.



MECHANIC'S TOOLS

socket set and tray included



ENGINE TUNE-UP KIT

Compression Tester, Vacuum Gauge and Fuel Pump Tester, Ignition Timing Light, portable steel case.

Get experience as you train

As part of its practical training program, CTI sends you 30 Job Experience Projects. These exclusive projects make it easy for you to make the transition from lessons to repairs. You learn by practicing, gain skill in the use of tools and test instruments, acquire useful experience that builds your confidence. CTI shop projects do away with low-pay apprenticeship—get you into the top pay bracket much more quickly.

Go in business—Earn more money

America needs 25,000 more auto repair shops! There are opportunities in almost any community to go in business for yourself, gain independence, earn more money than ever. Many CTI graduates own their shops—and most of them started in their back yards.

Diesel or Body-Fender instruction

Diesel or Body-Fender instruction is provided by CTI in addition to the complete course in Auto Mechanics. No extra charge for this training. Only CTI offers you this generous choice.

CLIP COUPON BEFORE YOU TURN PAGE—BE SURE TO MAIL TODAY—*FACTS FREE!*

So practical that many earn cash soon after they start

Many CTI students begin fixing cars after a few lessons. They earn extra money—which helps pay tuition, buys extra equipment. At the same time, these students become skillful and experienced in the use of tools and instruments. All this is a result of CTI's *practical* home study lessons. And now, in addition, you get 30 Job Experience Projects.

Proof that CTI training works

Letters from students prove value of CTI training. Read these unsolicited testimonials: "Am now a senior auto mechanic. Made $800 during training." —*Ronald Wharton, Md.* "Started a small business in my garage. Now have two part-time helpers."—*John Reed, Cal.* "Am proud I finished course. Have two job offers."—*Barden Vance, Ind.* "Am working as a mechanic and earn twice what I used to. Made $25 a week as I trained."—*Jerome Slowik, Ill.* "Have three job offers. Made $170 as a student." —*Willie Cooper, Fla.* "Have started my own tune-up and brake shop. Am earning about $50 a week more than before." —*G. Guntz, Cal.* You can do as well.

First get the facts—Then decide

Imagine—over 250,000 jobs waiting for auto mechanics! Isn't it worth your while to look into your opportunities? Just mail coupon. No obligation.

FANTASTIC FOUR FAN PAGE

Dear Stan and Jack,
I thought the Return of the Mole Man in F.F. #22 and the Master Plan of Dr. Doom in F.F. #23 were smashing, and the Spider-Man stories are better than ever. X-MEN and the AVENGERS are marvelous, and I especially like Iron Man's new costume. I have not been able to find many Iron Man stories in England but I bought the first Giant-Man story, and I think he is great! I also bought a STRANGE TALES comic and it had Dr. Strange in it. I think he is one of the best characters you have created. The X-MEN are getting to be as good as the Fantastic Four. I have not a favorite X-Man because I like them all. The Avengers' fight with Sub-Mariner and the Hulk was even better than some of the F.F.'s fights and I hope their next adventure will be as good as this one. I don't think anyone could surpass the quality of your comics and I think that this certainly is the MARVEL AGE of COMICS!

John Davidson
Willowfield Road
Newcastle-on-Tyne 3,
England

And that's why we say — there'll always be an England! Thanks, Johnny boy, we admire your judgment!

Dear Stan and Jack,
Look, you have everybody called "Laughing Boy!" So, let's have less of this, huh, laughing boys? By the way, how are you planning to change Thor? (You've changed everybody else these days, so I figured you might change Thor!) Now, my last question — why not get rid of Dr. Strange and put, in his place, the Hulk! It would add something to your mags!

Owen Boylan
2716 W. Somerset St.
Phila. 24, Pa.

Sure! It would add another PROBLEM for us — where would we put Doc Strange? Right, laughing boy?

Dear Stan and Jack,
You've done it! In one year you've made me change from one brand of comics to your own Marvel Comics. I think yours are better because: 1) The figures are realistic and the artwork is great, and 2) You have the best characters ever. Their costumes are great and their powers are realistic. My favorite comic is of course the F.F. and, secondly, Spider-Man. Hope you keep printing till the end of the Earth, and, as you say, "See you next ish."

Alan Backer
574 E. 92 St
Brooklyn, N. Y.

The first couple of sentences of your letter sounded like a TV cigarette commercial, Al! I guess we're the BRAND X of the mag business!

Dear Stan and Jack,
I would be willing to bet that sooner or later you will have to hire more artists and inkers just to keep up the high standards of the Marvel Comics Group. On the letters page in F.F. #23 you state, "If we ever put our pans on the cover of any mags, we'd scare 'em all away!" Well, here is what I think of your saying things like that. I will send you the camera and the film and the price of developing the film, if I have to, to get a picture of the staff at 655 Madison Avenue. I am not kidding one bit!

Lane Hartman
c/o Palms Hotel
Delano, Calif.

Take warning! We intend to plaster some pix of our pans in the FF ANNUAL #2, on sale this summer! It may set comics back a hundred years!

Dear Stan and Jack,
My first introduction to you was your great F.F. magazine. My collection does include all of F.F., all Spider-Man, Human Torch, X-Men, Hulk, Avengers, Iron Man, Thor, and several Giant-Man issues. I wouldn't trade these for 10,000 of any others. Without a doubt, F.F., X-Men, and Spider-Man are the three greatest magazines on the market. In F.F. #22 Jack Kirby did his usual artwork — excellent. Stan handled the return of the villain from your worst issue remarkably well. Now that Sue has been given additional powers, don't keep her on the sidelines. Iron Man hit a record high in Tales of Suspense #49. The art and story were both excellent. I also enjoyed the Watcher and hope you have some more similar stories. Here at college it is wonderful to relax from my studies and read your magazines. My roommate had never read your mags before but now is as much a fan as I am. Thanks for many hours of enjoyment.

Derrill Rothermich

You're welcome, pal! But we hope you're each buying your OWN copies!

Dear Stan and Jack,
I think that the Thing is the most talked-about character in your mags, and I would like to ask a few questions about him. When the Thing works out, does that help his strength any? Is the Thing vulnerable to gunfire?

Joey Polozola
528 Gebelin St.
Baton Rouge, La.

No, Joey, working out doesn't help the Thing's strength — only his agility. It keeps him from getting muscle-bound! And, while he can survive an attack by a small-bore weapon such as a .22, a larger caliber shell might put ol' bashful Benjamin out of action.

Dear Stan and Jack,
I wish to compliment you on your magazines; they are the best on the market today.

Don Milliken
Crocker Springs Rd.
Goodletsville, Tenn.

Ahhh, that's what we like! Short, and sweet, and music to our shell-like ears!

Dear Stan and Jack,
I think you two have the best, super-cosmic, radioactive, self-devised, mutan'-shootin', growing, legendary heroes in the world!! But how about discontinuing your two-part stories in mags like TALES TO ASTONISH, JOURNEY INTO MYSTERY, STRANGE TALES, etc. And try a two-part story in the F.F., SPIDER-MAN, X-MEN, etc. I'd like to see Captain America in his own comic. Those new powers of Sue's are swell and original. I really think Dr. Doom is o.k., but please space his appearances out a little as just this year you have had him in F.F. #s 16, 17, 23, and in SPIDER-MAN #5. Now! The whole object of my letter is to ask you to change the Wasp's costume—the way it is now makes her look bald-headed.

Allen Haworth
Box 61
Wilson, Kansas

As a matter of fact, we've been considering a new headpiece for the Wasp ourselves, Al! So don't be too surprised . . .

Dear Stan and Jack,
This is the first time I've taken a pen to you guys. (There's nothing else to throw.) But I just gotta' thank

you for giving us readers a deserving war book. As you know I'm referring to that fabulous, eagle-eyed, clear-thinking band of heroes, SGT. FURY AND HIS HOWLING COMMANDOS. Keep it up, boys! Tell Sue I'll pick her up at 8:00! Tell the Torch to come over Monday and light our pilot lights!

Dannie Brown

THEY can't make it — but the THING says he'll drop around at clobbering time!

Dear Stan and Jack,

I think the key to the increasing success of the Marvel Comics line is the fact that you fellows are seeking and finding ways to improve all of your characters. Your change of Ant-Man to Giant-Man has greatly improved the potential of this character. Iron Man's new costume is approximately 100% better than his old one. If you have any more changes as constructive as these, by all means make them. To continue complimenting you, I think your covers are truly outstanding. Your use of striking color contrasts and combinations is superlative. You fellows seem to be providing your own competition. Your Spider-Man, Avengers, and X-Men magazines are making it difficult for you to live up to the claim made on the F.F. covers—the Greatest Comic Magazine in the World! Keep up the good work, fellows, in this, THE MARVEL AGE OF COMICS!

Reed J. Keonte

Ohio

Ah HA! That gives us another idea for a new contest! How about telling us what YOU think "The Marvel Age of Comics" really means? We'll bet no two answers will be the same! And, as usual, we'll award no prizes! If there are no winners, then no one can LOSE! (Besides, look at the dough we save!)

Dear Stan and Jack,

F.F. #22 was this month's tops. Last month I was complaining about George Bell's work, and I'd like to apologize. He may not be the best draftsman in the world, but his inking adds that extra something to the story. A re-evaluation of Bell's work in the last issue is at hand. As I said, last month's story was quite good, but I don't think it would have been as effective had anyone else done the inks. There, I've said it. If he made last issue's story good, he made this ish's great. The return of the Mole Man was the return of the old "air of fantastic", or of something that you've done very little of recently. It's rather hard to explain, but it's the certain "magic" something that made F.F.'s early issue, Sub-Mariner's origin, and early Hulk stories good, really good. Whatever it was, it was there and I liked it.

Tom Jones

Blood, sweat, and tears — THAT'S what it was, brother Jones — and thanks.

Dear Stan and Jack,

I am glad to see all these Marvel Comics. I'm starting to outgrow other companies' super-heroes but I don't want to give up comics. Now I don't have to because MARVEL is more adult.

Bruce Solof

And besides, we need the money!

Dear Stan and Jack,

I have read a lot of comics in 14 years but nothing that equals the fine work by your talented artists and writers. Here is my opinion of your mags. You have always said that your mags are made to be life-like. So why does everybody complain that Sue Storm doesn't do anything? Everybody cannot always be the same. I think I know why Sue likes Sub-Mariner. It is because he is somebody her own age. Mr. Fantastic is too old for Sue. Dr. Doom should be killed in your next Annual. Puppet Master should be captured. If you bring back the Thinker have more action. Sub-Mariner is best as a villain because he's the only villain who has a reason. The FF Annual is without a doubt the best mag you have ever made. This is a fact! Spider-Man is great and Sgt. Fury is marvelous. The Avengers along with the X-Men are a smash. I have every issue of Dr. Strange in Strange Tales and have not once been disappointed. The new Iron Man and Giant-Man are great. I want to thank you for such wonderful comic mags that help make the world a bit nicer to live in.

We two little do-gooders appreciate your compliment, Davey boy!

Next ish features the return of SUB-MARINER! But, that's only PART of it! Our guest star will be DR. STRANGE! Wait — there's more! Sub-Mariner ELOPES with Sue Storm! And, the most exciting part of all — for the first time, Reed Richards loses control, becoming a raging, vengeful madman, fighting to regain the girl he loves, no matter what the cost! You've never seen Mr. Fantastic in action like this before! You've never seen an adventure like this before! F.F. #27 — the most Marvel-ous of all! See you soon!**

"I WEIGH ONLY 98 LBS. — YET I CAN PARALYZE A 200 POUND ATTACKER WITH JUST A FINGER —BECAUSE I KNOW YUBIWAZA!"
says Yoshie Imanami — Pretty Japanese wife of N.J. Fleming — Yubiwaza Master

I'M A 3rd-DEGREE HOLDER OF THE BLACK BELT—SYMBOL OF HIGH PROFICIENCY IN THE JAPANESE SYSTEM OF SELF-DEFENSE THAT USES NO WEAPONS BUT BARE HANDS. I spent many years in Japan learning these little-known SECRETS. The most amazingly effective of all Self-Defense techniques that stood out in ALL my Japanese Training is contained in my AMAZING new Yubiwaza book - all yours to have if you ACT NOW. YUBIWAZA is the name of a fantastic system of Self-Defense that makes use of an EASY-to-Learn knowledge of vital body areas, and the techniques of the use of just ONE Finger or the entire hand to counteract & overcome ANY violent attack. It is commonly known that with the aid of Yubiwaza, young men - and girls, too! - with only a few hours of training, turn back 2, 3 and even 4 attackers - temporarily DISABLING ONE, putting another to flight, making a third howl with pain, while the fourth begged his opponent to stop!

NOW YOU TOO CAN LEARN YUBIWAZA!

The experts in Japan, who know and teach these ONE-finger techniques, have now explained that YUBIWAZA is a centuries-old system of Self-Defense which is so simple and so effective that outsiders were never instructed in its use. The system was restricted to Japanese who SWORE to apply these methods only in time of danger and attack by an aggressor. Many of the very techniques in my Yubiwaza book, once highly guarded secrets of the ancient Samurai warriors never shown to outsiders are now shown to you - FIRST time!

EASY—And I am now ready to show you, too, through clear, easy-to-understand photos, every secret. I guarantee to make you a YUBIWAZA specialist in hours—or every cent you paid will be refunded. You don't have to attend my school where I train beginners like you and turn them into experts. Now I can show you how to practice YUBIWAZA in the privacy of your own home with only a few minutes of practice a day. I'll show you how to defend yourself against hoodlums, bullies, "wise guys" and juvenile delinquents who respect neither lives nor property.

When you apply YUBIWAZA methods, you can cut an aggressor down with JUST ONE FINGER! You can disarm an opponent rushing you with his fists, a broken bottle, a revolver or any kind of bludgeon. You can turn an aggressor's attack into your advantage with only one finger or your bare hands. No matter how "hot" the action gets, YUBIWAZA keeps you "on top." You can apply simple pressure of your finger against any one of a dozen or more vital nerve centers of your opponent and watch his gun or knife fall from his limp hand while he himself sinks to the ground completely helpless and faint. If the neighborhood bully pushes you, you can make him say "uncle" quickly —with the help of YUBIWAZA!

MASTER EVERY SITUATION!

Make no mistake! The world is crowded with anti-social enemies who think nothing of sticking a knife into the ribs . . . or attacking peace-loving citizens just for the fun of it . . . or molesting boys and girls shamelessly. There is a crying need for a system of self-defense that relies on KNOWLEDGE, not big muscles or strength . . . that depends on TECHNIQUE—not on weight or size of body . . . that is based on simple TRAINING—not on illegal possession of weapons.

When you know YUBIWAZA you can disarm and disable your opponent in seconds. You can repel a mugger who grabs you from behind—no matter how big he is or how much he weighs. Instantly you know WHERE to attack, and how. You learn the body's major vulnerable regions, the defense or on-guard position to take, and your body's personal weapons which you can apply to maximum advantage. I have jam-packed all I know about YUBIWAZA into my Guide, which I have profusely illustrated and clearly explained. I take you step by step through the fundamentals of this amazing system so that you understand clearly and immediately how these effective principles work. You learn these tricks used by marines, police and G-men . . . how to floor any bully, . . . how to touch vital spots that will make any attacker helpless. No matter whether you are big or small, strong or weak, you can overpower practically any opponent with lightning speed!

BECOME A NEW MAN!

Knowledge of YUBIWAZA will turn you into a NEW MAN even if you never actually have to use it! For you will become SELF-ASSURED through your ability to handle yourself. You will walk with a determined and confident air secure with the knowledge that NOTHING can frighten you . . . that you can deal with ANY man, ANY weapon, ANY situation—and that you can do all this with NO bodily contact! And you will win respect and admiration from everyone.

Thousands of men of all ages have won confidence and respect by learning YUBIWAZA. YOU can do the same! You owe it to your own peace of mind . . . to your friends and loved ones—to be able to defend yourself in these days when attack may come at any time and place from hoodlums, criminals and delinquents. Albert Dorne — probably the greatest money-maker in the history of commercial art. At the height of his career, he began a full-time search for people who like to draw.

He's Looking for People Who Like to Draw

TODAY HUNDREDS of men and women who never thought they could be artists are working happily at easels and drawing boards, making pictures, and getting well paid for it. They all can thank Albert Dorne, a famous artist who devotes almost his full time to helping other people become artists.

Some of the people Dorne has helped

Herb Smith was a payroll clerk. Soon after he started studying with us, he landed an art job with a large printing firm. This was four years ago; today he's head artist for the same firm.

John Busketta is another. He was a pipefitter's helper in a big gas company. Today he still works for the same company, but as an artist in the advertising department, with a big increase in pay.

Harriet Kuzniewski was bored with an "ordinary" job before she heard of Albert Dorne. Today she does high-style fashion illustration in New York.

With the right training, Wanda Pickulski gave up her typing job to become fashion artist for a local department store.

John Whitaker of Memphis was an airline clerk two years ago. Recently he won a national cartooning contest and was signed to do a newspaper comic strip.

Long before Albert Dorne started looking for people who like to draw, they came to him for advice and help. Since he alone could only help a few of these people he called together America's most successful artists —men like Norman Rockwell, Jon Whitcomb, Stevan Dohanos and Al Parker.

A Plan to Help Others

He said: "All over America, there are people who like to draw, who could be turned into good artists. Why can't we give these people the training they need—including all the trade secrets and know-how we've learned over the years? I'm suggesting a new kind of school—a home-study art school that would give talented people the best professional art training, no matter where they live."

The famous artists agreed. Taking time from their busy careers, they spent several years creating a remarkable series of art lessons covering every aspect of drawing and painting. They illustrated their lessons with over 5,000 "here's-how" illustrations. The lessons start from scratch and cover every skill a top artist needs. Finally, the famous artists developed a wonderful way to give each student personal correction and advice all through his training.

Albert Dorne is not surprised by the success of his students. "The art field is growing. We keep getting calls from all over the country, asking us for practical, well-trained students who can step into full-time or part-time art jobs."

Famous Artists Talent Test

To find others with art talent worth developing, the famous artists created a 12-page talent test. Thousands paid $1 for this test, but now the School offers it free and will grade it free. If you show talent on the test, you will be eligible for training by the School. No obligation. Simply mail coupon. It might be your first step to an exciting, well-paid career in art.
